

Product description

SAULTY - SINGLE is a simple and elegant take on the classic Somersault Bar for urban environments. The single bar offers a challenge, perfect for playing alone or taking turns in a group.

The simple design invites kids to swing, hang, sit, and explore their abilities. It will help develop coordination, balance, strength, and spatial awareness. It is also a place for children to gather, take turns, and help each other.

Blending well into city areas, SAULTY - SINGLE's sleek design and natural materials provide a durable and attractive addition to any playground.
